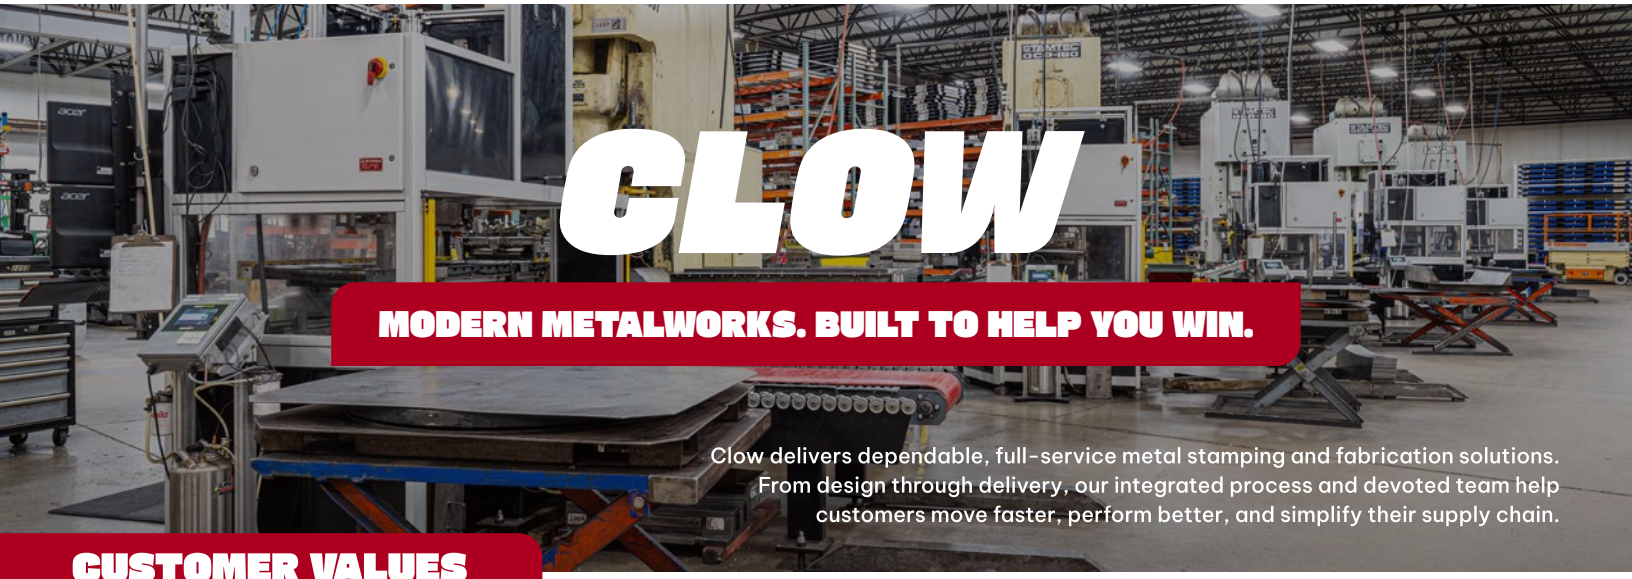
396,000 sq. ft. Facility | ISO 9001:2015 Certified | Founded in 1970 | Family Owned | 400+ Employees



CLOW

MODERN METALWORKS. BUILT TO HELP YOU WIN.

Clow delivers dependable, full-service metal stamping and fabrication solutions. From design through delivery, our integrated process and devoted team help customers move faster, perform better, and simplify their supply chain.

CUSTOMER VALUES

Large-Scale Capacity
Extensive equipment base reduces the need for multiple suppliers by delivering exceptional manufacturing capacity and scalability to support large production volumes and evolving customer needs.

Agile Manufacturing
In-house tooling, prototyping, and production provide the flexibility to support diverse product mixes and enable quick response to design changes, demand shifts, and changing production requirements.

Precision That Performs
ISO-certified quality systems and processes, tight tolerances, and a commitment to continuous improvement deliver consistent quality that far exceeds industry standards and results in below-average PPM.

Partnership Culture
A collaborative team that partners with yours from concept through completion, supporting long-term OEM partnerships with multiple Fortune 500 companies.

CAPABILITIES

Fabrication
4,000-watt to 12,000-watt laser cutting | 60-ton to 250-ton press brakes | Machining

Stamping
60-ton to 400-ton punch presses for small to large parts

Welding
MIG | TIG | Robotic | Spot

Additional Services
Prototyping | Assembly & Kitting | Hardware Insertion | Deburring & Finishing | Painting & Coating | Inventory Programs | Shipping & Logistics | PPAP & First Articles

Supply Chain & Logistics
Consistent On-Time Delivery
3–4 Week Lead Times
Prototypes in as little as 5 days

Global reach with forecast management, barcoding, and returnable containers

QUALITY & CONTINUOUS IMPROVEMENT

PPAP | FMEA | APQP | SPC | Lot Traceability | USMCA | In-house tool design & maintenance | Lean & Kaizen initiatives | REACH/RoHS | Conflict Minerals | ESG/Prop 65

MATERIALS PROCESSED

Gauges: .008" to .500"

Hot Rolled Steel | Galvanized | Cold Rolled Steel | Copper | Stainless Steel | Aluminum | HSLA | Other Specialty Metals

INDUSTRIES SERVED

Agriculture | Energy | Commercial Refrigeration | Construction Machinery | Exercise Equipment | Lighting | Heavy Equipment | Powersports | Heavy Truck & Transportation | Mining & Gas Machinery
